

# Mean winter temperature: early and recent decades

Early period: 1982–1991

Recent period: 2016–2025

Source: PRISM; complete DJF winters. Identical colour limits in both panels. Each county value is a mean over the 10 winters in its period (1982–1991 and 2016–2025), not a comparison of single winters or of sample endpoints.
